Société à responsabilité limitée au capital de 381 122 €
R.C.S. Angers n° B 408 567 121

To Whom It May Concern:

Alexis Morille worked in NEC COMPUTERS INTERNATIONAL for a period of two months from 30 June 2003 to 30 August 2003.

During that period Alexis was involved in the Centre of Expertise for Servers. This department is in charge of customer support for NEC's European customers.

Alexis worked on a specific project for the team, successfully performing the following activities:

- 1/ Understanding of the full scope of the project
- 2/ Development of Linux scripts according to the requirements and constraints defined by NEC's processes.
- 3/ Perform test and validation functions of scripts with his direct report.

Alexis completed all work assigned to him on time and to agreed standards. Alexis is a resourceful, creative, open-minded and solution-oriented person who was frequently able to come up with new approaches.

Alexis has developed a very good working relationship with the Centre of Expertise team, fully integrating himself within their working practices.

Based on my experience working with him and regarding the feedback of the Engineers who worked with Alexis, I can unreservedly recommend Alexis Morille.

Sincerely,

Jean-Louis CURET

NEC Computers International
CoE Server Manager
